Retail Pharmacy
Full Time**

Wage Rate:
\$68.00 - 101.83 per hour
Dependent on Experience

Modoc Medical Center is accepting applications for a Pharmacist for our Retail Pharmacy. This is a full-time position and is benefit eligible. Under the direction of the Retail Pharmacy Manager, the Retail Pharmacist is responsible for all areas of retail pharmaceutical services for MMC including the procurement, distribution, storage and administration of drugs by appropriate staff. The Retail Pharmacist ensures that pharmacy services of MMC are in compliance with all State and Federal regulations.

Duties include (but not limited to):

- Compounds and dispenses prescribed medications, drugs and other pharmaceuticals for patient care.
- Reviews prescriptions issued by Physician or other authorized prescriber to ensure accuracy and determine formulas and ingredients needed.
- Directs pharmacy workers engaged in mixing, packaging and labeling pharmaceuticals.
- Answers questions and provides information to pharmacy customers on drug interactions, side effects, dosage and storage of pharmaceuticals if counseling offer is accepted.
- Actively engages patients and clients with respect to customer service programs offered by the pharmacy.
- Actively engages patients and clients with respect to program integrations offered by the pharmacy.
- Maintains established procedures concerning quality assurance, security of controlled substances and disposal of hazardous waste drugs.
- Enter data such as patient name, prescribed medication and cost to maintain pharmacy files, charge system, and inventory.
- Instructs interns and other pharmacy personnel on matters pertaining to pharmacy and maintains correct pharmacist to technician and pharmacist to intern ratios per state/federal law.
- Maintains awareness of third-party Rx systems and resolves third party rejection problems promptly.
- Reports prescription errors immediately and adheres to company policy regarding medication incidents.
- Maintains awareness of loss prevention controls and procedures to identify and minimize profit loss.
- Develops and maintains a good working relationship with physicians and other health care professionals in order to better assist the customer.

Minimum Qualifications:

- Licensed to practice pharmacy in the State of California
- Has at least a Bachelor of Science degree from a college of Pharmacy accredited by the American Council on Pharmaceutical Education
- Ability to work with others, at all levels within the organization, and collaborate effectively.
